

Conference Agenda as of 4 May 2016

We have discussed contributions with each speaker individually where possible. We may modify the agenda after the arrival of papers and think pieces. We would like to receive all contributions by Monday the 9.5.2016 so that we can distribute. Given number of participants, we hope for pointed and short presentations of 12 minutes. This will leave 20 minutes for vivid and constructive discussion in each session.
